

# Skoda Superb

Chassis **B9** 2024 -

## Dog Guard Artnr:40737

Only suitable for cars equipped with roof mounting holes

The car's original privacy screen can be fitted with this grille

### ASSEMBLY INSTRUCTIONS:

- To facilitate installation: remove the vehicle's privacy screen and cassette containing the fabric cargo net if the car is equipped with this. These can be reinstated once the dog guard is in place
- Fold forward the rear seat backrest. This must be done in order to carry out the installation.
- Slide out the bars on the grille and "hook" these into the car's mounting holes in the roof. Figure 1.
- Hook hook no. 104 in the backrest locking / locking shackle, see Fig. 2, for the threaded end through the grille's pipe sleeves.
- Screw on the steering wheel nuts, tighten. Fold back the backrest.

The dog guard should always be mounted so that the Artflex logo is on the right side inside the car when viewed from the
